1976 Article Index

Management

Productivity Gains Save $2 Million, Jan. p.13
Getting the Parts There Keeps an Assembly Line Running, Antonio Nunez, Jan. p.14
Mediocrity Costs Millions!, Leonard Schehr, Feb. p.14
Getting to Know the Metric Council, Mar. p.18
How to Boost Productivity 65% .... And Maybe Even More, Apr. p.18
GM's New Quality of Worklife Program Gets Results, May p.26
Labor Speaks Out On Productivity Improvement, June p.28
Productivity Improvement—Myth or Reality?, Terrence Thompson, July p.15
Let Your Employees Boost Their Own Productivity, Aug. p.20
U.S. Fastener Industry Fights Back, Sept. p.18
Incentive Systems—Don't Count Them Out, Oct. p.20
What Industry Leaders Are Saying About Fastener Tension Control Systems, Nov. p.16
Cutting Snowmobile Skid Frame Costs Through Value Analysis, Dennis J. Brown, Dec. p.14

Design/Fastening/Joining

Costs Cut 70% Through Engineering Teamwork, N. Olijnek, Jan. p.18
Blind Rivets Cut Assembly Time by 66%, Jan. p.19
Cold Forming Saves $185,000/yr, Jan. p.20
Metal-Piercing Rivets 4 Times Faster, Jan. p.21
Change in Fastener ... Reduces Assembly Time, Improves Productivity, Eliminates Quality Problem, Jan. p.22
Tests Suggest Coating May Extend Fatigue Life Of Mechanical Joints, Clarence R. Smith, Feb. p.20
Locking and Sealing with Anaerobic Adhesives, A. Craig Hood, Mar. p.24
Let's Take the Mystery Out of Spring Washers, Rudolph Bohm, Apr. p.24
10 Approaches to Adjustment Fasteners, Max Dorflinger and Harry Wedemeier, May p.32
A Guide to Successful Adhesive Bonding, Part 1, Edward M. Petrie, June p.36
A Guide to Successful Adhesive Bonding, Part 2, Edward M. Petrie, July p.18
A Guide to Successful Adhesive Bonding, Part 3, Edward M. Petrie, Aug. p.26
Getting the Most Out of Electromagnetic Metal Forming, Guenter Zittel, Sept. p.26
Special Report on Laser Welding: CNC Laser Welding Pays For Itself—Quickly, Oct. p.26; Can You Afford Not To Use Laser Welding?, Oct. p.28; Laser Welder Boosts Productivity Six-Fold, Oct. p.29; Lasers In Action ... Cutting Costs—Improving Quality, James H. Mason, Oct. p.30
Fastener Tension Control—What It's All About, Terrence Thompson, Nov. p.22
Hot-Platen Welding: A High Rate Process For Thermoplastics, Dec. p.18

Ideas and Developments

Hex Nut Stripping And Its Prevention, Richard Belford, Feb. p.24
Nomograph Calculates Setscrew Driving Costs, Feb. p.26
Quick-Cure Epoxy System Cuts Costs, Mar. p.31
Eliminating Weld Cracks, Kaye Karle, M.E., Apr. p.30
"Caution" is the Word for Class 8 Nuts, Richard Belford, Apr. p.33
Assemblex '76 Set For Oct. 26 thru 28, May p.36
Costs Cut 66% By HF Welding Auto Rim Blanks, June p.42
New Metric Fasteners Have Many Advantages, July p.17
Cutting Waste In O-Ring Assembly, Roy Andrews, Aug. p.31
Sawtooth Drive Pin Doesn't Loosen, Aug. p.40
Automated Eyeleting Cuts Costs 25%, Sept. p.31

Electrical/Electronics Assembly

Wave Soldering Conveyor Saves Ceramic Pallets, Jan. p.26
Mechanized Wire Processing Reduces PC Assembly Costs, Jan. p.27
Air Assisted Hand Tools Banish Fatigue; Crimp Times Reduced Almost 50%, Jan. p.28
Machine Trims Waxed Leads—and PC Assembly Time by 40%, Jan. p.29
IBM Division Builds Its Own Module Inserter, R.J. Godsoe and T.L. Bell, Feb. p.30
Delco-Remy Electronic Distributors Reflects Auto Industry Changes, George H. Knox, Mar. p.32
Maytag Combines Manual And Automatic Processes To Make Wire Harnesses, Apr. p.36
At Eastman Kodak, Electronics Is Big, Varied, and Growing, George H. Knox, May p.40
Microprocessors Are Timed Right For Appliances, George H. Knox, June p.46
Tune Up Your Hand Soldering, Howard H. Manko, July p.24
An Insertion Machine For Everyone, Almost, Part 1, Ronald P. Titlebaum, Aug. p.34
An Insertion Machine For Everyone, Almost, Part 2, A. Manganaro and Ronald P. Titlebaum, Sept. p.36
Chrysler Adds Optional Spark Advance Computer To 4 More V-8 Engines, George H. Knox, Oct. p.34
N/C Machine Prepares Wire For Jet Transport Harness, Nov. p.34
Computer Program Controls Component Sequencer Costs, Michael E. Richerson, Dec. p.24

Ideas and Developments

En Masse Pin Straightener Reduces Wire Wrapping Costs, Herbert Yeo, Feb. p.33
Tape Holds Modules, Feb. p.35
Preinsulated Terminals Improve Harness Productivity 30%, Mar. p.36
Cable Packaging Reduces Machine Setup Time 87%, Apr. p.41
Brazing and Soldering Systems Can Meet OSHA Standards, May p.44
Costs Slashed With NC Wiring Machines, June p.50
Minicomputer Runs Connector Test System, Dec. p.28

Assembly Systems

Save Air, Save $26,800 (and more), Jan. p.32
Pneumatics Boost Operating Speed Of Assembly Machine by 36%, Jan. p.33
Injected Metal ... A Cost-Cutting Assembly Process, Jan. p.34
De-Riveter Solves Rivet Repair Problem, John Goodwin, Jan. p.35
Air Installation Gives 29% Production Increase, Second Gives Twice the Savings, Jan. p.36
Solder Automatically and Save $10,732/Yr, Jan. p.37
Productivity Up 600% With Scan Welding, Jan. p.38
Fit the Hand Tool to the Job and Increase Output 15%, Jan. p.39
Flexible Assembly System Has Many Advantages, Robert D. Gamble, Feb. p.36
Design and Assembly Changes Reduce Transmission Costs by 20%, Mar. p.38
Guidelines for Using the Injected Metal Process, Apr. p.42
Conserving Air Also Conserves Cash, and Oil, Part 1, Henry Fleischer, May p.48
Conserving Air Also Conserves Cash, and Oil, Part 2, Henry Fleischer, June p.54
Conserving Air Also Conserves Cash, and Oil, Part 3, Henry Fleischer, July p.28
Wet Air Can Cost You Plenty, Ted Marquardt, Aug. p.44
Assemblex '76, Sept. p.50
Laser Welding Euipment Roundup, Oct. p.42
What's Available In Fastener Tension Control Systems, Nov. p.42
Rotary Assembly Equipment: Two Systems for Cost & Productivity Improvement, Rotary Table Equipment Cuts Labor Cost 45%, Robert R. Cangemi, PhD, Dec. p.30, Assembling Turntables on Turntables Boosts Productivity 300%, Dec. p.32

Ideas and Developments

Pneumatically Controlled System Paid Off Fast, Feb. p.40
Fluorescent Penetrant Test Prevents Leaking Dishwashers, Feb. p.42
Fluid Power Boosts Production 600%, Alvin Krauss, May p.52
DC Resistance Seam Welding System Triples Output, May p.55
Machine Winds Ring On Two Ignition Keys On One-Second Cycle, May p.56
Component Locators Increase PC Insertion Rates, June p.58
Self-Locking Screw For Multiple Applications, July p.34
Tape Labels Cost Less and Stay Put, Aug. p.48
Cold Forming Saves 38% in Part Cost, Sept. p.62
Welder Watches Its Own Arc, Nov. p.48
Electromagnetic Bonding Eliminates Structural Foam Joining Problems, Dec. p.38
